

PRESS RELEASE – 30 November 2011

COMPUPRINT ANNOUNCES THE CONTINUED DISTRIBUTION OF THE POPULAR 4247 DOT MATRIX PRINTERS PRODUCT LINE (former Infoprint 4247-L03, X03 and Z03 dot matrix printers)

Leinì – 30 November, 2011

Compuprint, worldwide leader in impact printing solutions, announces today the release of the Compuprint 4247 models L03, X03, and Z03. These models are identical to the current Infoprint 4247 models in the market today, ensuring customers a seamless continuity of supply. Customers can continue to use their existing channels to purchase the Compuprint 4247. The same quality and features of the popular 4247 models will be available on January 1st, 2012.

Compuprint reached an agreement with Ricoh for the continued use of the recognized 4247 brand. "This is an important step for our companies and expands our long term relationship" said Fernando Fiore, Compuprint Sales and Marketing Director " this agreement will allow all current Infoprint Solutions and Ricoh channel partners direct access to products showing both Ricoh and Compuprint willingness sustaining customers' needs for high end professional dot matrix products. With our competence of product research and development, we expect to grow our market share by leveraging our experience, willingness to provide unique engineering solutions and focusing on niches where we truly know that our product is superior in its quality, capability and values" concluded Fiore.

About Compuprint

COMPUPRINT 4247 PRODUCT LINE

Compuprint 4247-L03

The Compuprint 4247-L03 is a low-cost alternative for supply chains, offices and retail stores with low- to mid-volume output requirements. The printer is exceptionally reliable and provides forms flexibility, support for wide-format printing. Provided with 24 pin print-head prints at a speeds up to 720 cps, up to two straight continuous form paper paths for outstanding paper-feeding reliability are available thanks to the optional dual front 4-pin tractor.

The Compuprint 4247-L03 is built to deliver dynamic performance in the most demanding and rigorous environments.

Compuprint 4247-L03 is available with different interface configurations: Parallel/Seria/USB or Parallel/Ethernet.

Compuprint 4247-X03

With print speeds up to 800 cps, 18 pin print-head, the Compuprint 4247-X03 is designed for high output performance in demanding print environments—from the office to the warehouse—the Compuprint 4247 industrial strength printer provides professional reliability at a cost of ownership that is surprisingly attractive. With an impressive functional lifetime, low per-page costs, and worry free operation.

For mission-critical applications where reliability is paramount, or when the cost of printing is a concern, the Compuprint 4247-X03 is ready to support core business needs and protect the bottom line.

Compuprint 4247-X03 is available with different interface configurations: Parallel/Seria/USB or Parallel/Ethernet and Parallel/Ethernet IPDS.

Compuprint 4247-Z03

This model is the top of the product's line, it prints at a speed up to 1,100 cps, and the 18 pin print-head with a life of 700 millions characters provides high reliability.

With a strong and durable metal cover, the Compuprint 4247-Z03 is built to deliver outstanding performance in the most demanding and rigorous environments. Optional dual front paper paths and heavy-duty 6-pin tractors with motion sensors provide easy forms loading and reliable paper movement to support printing on a wide range of multi-form printing.

Also for Compuprint 4247-Z03 are available different interface configurations: Parallel/Seria/USB or Parallel/Ethernet and Parallel/Ethernet IPDS.
